PROCEEDINGS UNDER THE PACKERS AND STOCKYARDS ACT

Docket No. 476.—In re the Great Atlantic and Pacific Tea Co. A hearing was held in the above entitled case on December 2, 1935. The Secretary of Agriculture on December 29, 1936, issued an order directing respondent, its officers, employees, and agents under its control to cease and desist from engaging in and using in commerce the deceptive practices and devices alleged. On January 30, 1937, an appeal was taken from the Secretary's order to the United States Circuit Court of Appeals for the Third Circuit. On December 9, 1938, a motion was made by the Secretary to dismiss petitioner's appeal on the ground that the practices and activities complained of are no longer being continued, and that the parties in this cause have stipulated that there is no longer any reason for questioning the validity of the order issued by the Secretary, and upon consideration thereof it was ordered by the court that said appeal be dismissed. Therefore, on December 28, 1938, the order of the Secretary, dated December 29, 1936, was revoked.

Docket No. 1117.—In re Charles O. Robinson & Co., South St. Paul, Minn. The Acting Secretary of Agriculture on April 18, 1938, issued an order of inquiry and notice of hearing alleging that respondent had engaged in various unfair, unjustly discriminatory, and deceptive practices and devices in violation of the Packers and Stockyards Act, such as collecting amounts for feed in excess of the cost thereof; concealing profits from such overcharges by making deductions from its salary expense account; failing to keep proper accounts and records; failing to render true written accounts to shippers; refunding or remitting a portion of its rates and charges; and misusing proceeds from the sale of livestock belonging to shippers. A hearing was held at South St. Paul beginning April 28. An examiner's report was issued to which counsel for respondent filed exceptions and an oral argument was had. The Assistant Secretary found that respondent had committed the acts alleged and on December 9 ordered respondent, its officers, employees, and agents to cease from engaging in the unfair and deceptive practices and devices complained of. He further ordered that respondent shall hereafter keep such accounts, records, and memoranda as will fully and correctly disclose all transactions in its business; and suspended respondent as a registered market agency for one year.

Docket No. 1162.—In re G. W. Tennyson, Kansas City, Mo. The Secretary of Agriculture on September 20, 1938, issued an inquiry alleging that respondent had violated titles III and IV of the Packers and Stockyards Act in that he had engaged in and used an unfair, unjustly discriminatory, and deceptive practice and device in connection with the handling of livestock in commerce. On September 30 respondent acknowledged receipt of the inquiry, admitted the facts, and waived a hearing thereon. On December 17 the Secretary ordered respondent to cease and desist from the unfair, unjustly discriminatory, and deceptive practice and device of purchasing livestock on order for which he charges as compensation for such services amounts in excess of the rates and charges specified in his published and effective tariff, while at the same time he was holding himself out to the public to buy livestock on order, at rates for such services specified in his filed tariff. He was also ordered to keep such accounts, records, and memoranda, as will fully and clearly disclose all transactions involved in his business, including a record of all purchases made by him for the account of others, and the amount received by him as compensation for such services.

Docket No. 1166.—In re Claude L. Bates, trading and doing business as the Bates Livestock Commission Co., San Antonio, Tex. On October 10, 1938, the Secretary of Agriculture issued an inquiry and notice of hearing alleging that the respondent was insolvent in that he was unable to pay his debts as they became due in the usual course of business. On November 5 respondent acknowledged receipt of the inquiry and notice of hearing, admitted the truth of the matters and things therein alleged, and waived a formal hearing thereon. On December 10 the Acting Secretary issued an order suspending respondent from registration for 6 months with leave, however, to apply for revocation of such suspension upon proof satisfactory to the Secretary that he is solvent.

Docket No. 1169.—In re Fort Smith Livestock Commission Co., Fort Smith, Ark. The Acting Secretary of Agriculture on October 27, 1938, issued an inquiry and notice of hearing alleging that respondent had violated the Packers and Stockyards Act in that it had engaged in certain unfair practices and devices. On or about November 3 respondent acknowledged service of the inquiry and notice, admitted the truth of the matters and things alleged and waived a hearing thereon. The Secretary on December 29 ordered respondent to cease and desist

from the unfair and deceptive practice and device of reporting or representing in any way to a shipper of livestock that such livestock was sold by respondent at any price other than that actually paid for such livestock by the purchaser thereof, or reporting or representing in any way to any shipper that his livestock was sold to any person other than the actual purchaser thereof, and of acquiring or permitting its employees, agents, or servants to acquire for themselves or for respondent or for any other person any interest in livestock handled for a shipper adverse to or in conflict with that of such shipper without fully and promptly disclosing that fact to such shipper. Respondent was also ordered to cease and desist from carrying on business as a dealer without registering to do business in that capacity as required by the provisions of the Packers and Stockyards Act, and its registration as a market agency was suspended for 30 days.

Poultry License Orders

Hearings have been held to allow applicants for licenses to buy, sell, and handle live poultry in commerce an opportunity to show cause why their applications, made under title V of the Packers and Stockyards Act, should not be denied. During the month of December orders were issued granting licenses to the following:

Docket No. 1127.—In re Michael Maino, Hoboken, N. J.

Docket No. 1171.—In re Marcella Piotrowski, Chicago, Ill.
